

SPREAD THE WORD!

THE ORIGINAL WEB-BASED MASS NOTIFICATION SYSTEM

Effective communication is at the heart of any successful organization, and IRIS has the capacity to help you reach your audiences in ways that go well beyond traditional methods. With the ability to deliver routine, priority, and emergency notifications instantly, across multiple channels and devices, be assured that your message will be received and heard.

IRIS offers you:

- Technology originally created for Homeland Security and currently in use by the US Army, and other government entities - now available to non-profit organizations for operational, administrative and emergency use
- A streamlined application that is extremely cost-effective and maintains the highest level of data security
- A comprehensive communication tool to spread the scope of your ministry around the world
- Innovative, patented technology that sends messages electronically from a single source to an unlimited number of recipients – capable of delivering your message to thousands in seconds across multiple channels and devices
- Real-time, comprehensive reporting covering the complete results of your message broadcast
- An assessment tool to easily gather survey response data
- The ability to instantly gather the necessary parties for immediate action

“Since we started using IRIS, we’ve had people return to church who hadn’t been in years!”

*Pastor Phil,
Simivalley Seventh Day Adventist Church*

IRIS allows you to:

- Communicate with your constituents instantly
- Notify ministries, organizations and departments through uniquely-created groups
- Connect with communities on a local and global scale
- Engage your constituency across multiple channels
- Reach out to non-active members
- Deliver ministry program updates
- Announce upcoming events
- Encourage involvement
- Share ideas
- Promote collaboration among members
- Improve mission support
- Ensure donor retention and participation
